A Cipec iniciou suas atividades em 1983 na cidade de São Caetano, como pequeno distribuidor e fabricante de peças de reposição para caminhões e ônibus.

Trabalhando com empenho e seriedade, a Cipec rapidamente ampliou seu leque de produtos de distribuição para pouco tempo depois atingir o status de referência nacional no mercado de reposição da linha Scania.

Em 1999 sua estrutura já não comportava o ritmo crescente dos negócios e a Cipec transferiu suas atividades para uma área de 20.000 m² em Indaiatuba, localizada estrategicamente no interior paulista, investindo fortemente na parte fabril e agregando as linhas Volvo, VW, MWM, Cummins e Iveco.

Com amplo espaço fabril e novos nichos de mercado se abrindo, em 2003 a Cipec inovou mais uma vez, implantando uma completa linha de servos de embreagem, válvulas e reparos de freios para linha pesada. Nascia então a NTI, uma marca Cipec que em pouco tempo ficaria conhecida no mercado, ofertando um produto competitivo e altamente confiável.

Hoje a Cipec conta com mais de 170 colaboradores e comercializa mais de 22.000 itens a partir de sua unidade fabril localizada em Indaiatuba, aumentando ainda mais sua capacidade de produção e expedindo mais de 30 toneladas de produtos por dia para mais de 50 países em todo o mundo.

In 1983 the city of São Caetano was the birthplace of a successful story, the story of CIPEC, a small spare parts manufacturer and distributor for trucks and buses. Through hard work and commitment, CIPEC quickly expanded its product line, after it would received national reference status for the Scania line aftermarket parts. In 1999, having outgrown its infrastructures as a result of its expansive business pace, the company transferred its activities to an area of over 20.000 square meters in the city of Indaiatuba, located strategically in the State of São Paulo. There, major investments were made in innovations and manufacturing, including some new product lines as the Volvo, VW, MWM, Cummins and Iveco.

With ample production space and openings in new market segments, CIPEC innovated once again in 2003 by implementing a complete line of clutch servos, valves and brake repair kits for trucks and busses. The year was also marked by the birth of NTI, a CIPEC brand that would rapidly gain market recognition for offering a competitive, highly reliable pneumatic products.

Today, with over 170 employees and a line range of over 22.000 items, CIPEC keeps increasing production capacity and shipping daily over 30 Tons to over 50 countries worldwide.

At CIPEC, quality is more than a standard we strive to reach; it is the philosophy that drives our business. The effort to satisfy our customers is constant at all levels of our company and it enables us to gain confidence and extend the longevity in our partnerships.
